Let not your heart be troubled: ye believe in God, believe also in me.

In my Father's house are many mansions. If it were not so, I would have told you. I go to prepare a place for you.

And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also. And whither I go ye know, and the way ye know. Thomas said unto Him, Lord, we know not whither thou goest, and how can we know the way?

Jesus said unto him, I am the way, the truth, and the life: no man cometh unto the Father, but by me.—St. John 14:1-6

MY TRIP TO ENGLAND & WALES

By Mr. Pryce Jones, taken from His Diary

(Continued from last week)

On Saturday, we took a day off to go to the London Airport. Here we saw the largest planes coming from all parts of the world at the rate of one each minute. Sometimes there would be as many as seven or eight landing on the different runways at the same time. The airport building must be about 300 feet high. You can go up a number of flights and have a good view of the planes coming in. It is quite interesting to hear the air dispatchers announce the coming and going of the planes in the busiest airport of the world. In fact, the crowds reminded me of the throngs at the Edmonton Exhibition.

On August 10th to the 13th, I left the London district and wandered back to my home part, that is Shropshire. My first stop was Leedlow, Craven Arms, Shrewsbury and Shrewsbury. These were the scenes of my early time of life. Leedlow is a town of some 6,000 people. Surrounded with much of Medieval times, it has part of the old Roman Wall still about it and the castle tower of the famous gateway used to admit friend or foe, which ever was able to make the entry.

It has one of the eight first hotels that were built in England, called the Peppers Hotel and is noted for its black and white design of that early day. The hotel has been doing business for over 400 years. It has a front door made of heavy oak planks in which there is no less than 30 iron studded nails put in to make it solid. I have seen this door.

Craven Arms is a small town of only 1200 people in a farming district. It is noted for the largest sheep sale in England. As many as 3500 are sold during a week. Within its borders it has a very old castle named Stoke which dates back over 800 years. This is one castle that was not damaged in any way through the battles. Near it stands the famous monument called the Ploumery Polly. This monument was built in 1834 and stands on a hilltop some 120 feet high. The height of the monument itself is 80 feet and it is 20 feet square, so it can be seen for many miles around.

Bushmont is a small country community but it is noted for its friendliness and its generosity in no small way. I spent quite a lot of my leisure time here.

Shrewsbury is a very old town of some 50,000 people and dates back to the 10th century. It has been the battle front of many of the big battles. Its flower show is known as the world's greatest. The streets here are very narrow and the houses are so close together it would be difficult to drive our Canadian cars from one street to another.

Ironbridge, a small town of some 5,000 people is famous for having built the first iron bridge in the world. It was built in the year 1777, is 96 feet long, 40 feet high, and 26 feet wide.

I am especially grateful to my brother-in-law and family in Birmingham and to my nephew and family in Letchworth who drove me around England and Wales so much. Also to my sister and family at Edgworth for making my stay there such that it left nothing to be desired. In all, I had a grand visit every hour I was over there. On our way back to Canada, we stopped at Frieswick for fuel and again at Forbisher Bay. My family met me back in Edmonton after a total flying time of thirteen hours.

And now, if my readers have received any information from my account, it is nothing to the inspiration I received from the trip.

Sincerely,
Pryce Jones.

Railway Traffic Delayed

The C.N. Railway has had tough going between Irma and Felsyn this past week. On Friday last a landslide damaged the approach to the Battle River bridge, causing railroad traffic to be snarled up and delayed considerably.

Then on Tuesday night the broken connections on a fast freight broke just as it was going on to the bridge—a piece of metal dug into the track and two cars came off their wheels and were standing sideways out on the bridge. This posed quite a problem for the wrecking crews and once again our hard working CN agent, Mr. W. Daniels went more than 24 hours without sleep.

Large Attendance at Irma Memorial Service

A very fine Memorial Service was held in the Legion Hall on Armistice Day. It was grand to see such a large attendance—one of the largest ever, also, especially good, was the number of young people and children among those who had come to pay their respects to those who fought and died in two world wars.

A good number of smart looking uniformed Sea Cadets led the march into the Legion Hall, followed by the Veterans and members of the United Church Choir.

The Honor Roll was read by Cds. Herbert Larson and the Wreath presented by Cds. Al.

lan Larson and Wesley Parsons. The Rev. H. W. Inglis was in charge of this service and gave a fine address on the text, "What Mean Ye By These Stones?" Joshua 4:6. Mr. Inglis told of how the Israelites had placed 12 stones as a memorial when God brought them safely across Jordan to the Promised Land, so that there should be something to remind the future generations of God's goodness. He told the gathering that we, too, should remember the sacrifices made for us and also the mercies of God at Dunkirk and on other occasions during the past Wars when God had shown us His strength and deliverance. We should live worthy of all that has been done for us and seek out God's will and purpose for our nation.

Two suitable anthems, Our Nations Prayer and Hymn of Brotherhood were sung by the choir, accompanied by Mrs. H. Whidden.

News Report From Edmonton

Ken Mason

EDMONTON — The government last week took the wraps off its proposed program of nursing homes for chronic patients in Alberta.

Health Minister Dr. J. Donavan Ross said nursing homes will be built in between 86 and 40 Alberta centres, and the cost of construction may run as high as \$15,000,000. Operating costs probably will amount to between \$4,000,000 and \$6,000,000 per year.

Aim of the plan is to provide facilities for the care of chronic patients who can't stay at home, but who don't require active hospital treatment. The plan is part of the "five-year development program" announced by the government last summer.

Preliminary surveys indicate the province needs 2,500 to 3,000 chronic beds, which are expected to cost from \$4,000 to \$6,000 per bed.

The province will bear the lion's share of the cost, but the patients and the municipalities will have to contribute. Municipalities will have to initiate the action and apply for authority to build a nursing home. If it is granted, the municipal council will have to borrow the money to finance the project. The province will then agree to repay the loan.

There will be a flat rate of one to one and a half assessed against the municipality every year to cover the municipal share of capital and operating costs. The patient will pay about \$1.50 per day — approximately the same as patients pay under the existing active hospital treatment plan in Alberta.

Patients in some of the existing private nursing homes may be the first to benefit. Dr. Ross says some of the private nursing homes which meet provincial requirements will come under the provisions of the new plan, which is expected to go into effect next April 1.

When it goes into effect, patients who have been paying as much as \$250 per month to private nursing homes will see their rates reduced to around \$45 per month.

The province is going to have the last word on the standard of service to be provided by the new nursing homes. Maximum amounts will be set for the cost per bed and for private nursing costs. Any municipality which wants higher standards will have to foot the bill.

THE FARM VOTE is far from forgotten in the now-famous "five-year plan" of Premier Manning.

Last week Agriculture Minister Leonard Halmersted revealed details of the plan under which home improvement loans will be made available to Alberta farmers. The government will guarantee principal and pay the interest at 50 per cent on loans to a maximum of \$2,000.

This means that if a farmer borrows \$2,000 to improve his home, the government will guarantee repayment of \$1,000, plus interest. As a result, chartered banks and treasury branches have agreed to cut the interest to 5 per cent from the normal 6 per cent.

Main aim of the plan, says the minister, is to provide farm homes with sewer and water systems which at present are too expensive for some farmers. However, he added, the money can be used for other home improvement projects.

WATCH FOR a record road work program in Alberta this winter. The government plans to spend around \$2,000,000 on brush clearing, gravel stockpiling, rock blasting and other work during the winter months.

Highways Minister Gordon Taylor says the program will provide winter employment for nearly 1,000 men. He adds that if the federal government would enlarge its program of aid for winter work, the province could employ another 2,000 men.

Biggest project in the province will involve brush clearing in preparation for a complete rebuilding of the \$60 million Mackenzie Highway, which links Alberta with the Northwest Territories. Contracts worth more than \$70,000 have been awarded. Mr. Taylor says the province plans to rebuild the road "to a much higher standard."

Fruit cake is one feature of the celebration of the Christmas season that can be prepared well ahead of time, and is better for it. For full rich flavor, fruit cake must have time to ripen.

WHITE FRUIT CAKE:

1 cup butter
1 cup sweet milk
¼ teaspoon salt
¼ lb. shelled almonds
1 lb. sultana raisins
½ lb. candied pineapple rings
2 tablespoons of orange juice
1 cup white sugar
2½ cups of purpose flour
2 teaspoons baking powder
½ lb. citron peel
½ lb. glazed cherries (red and green)

Grated rind of one orange
2 medium eggs
Cream butter. Add sugar gradually. Cream the two together. Dredge out with fruit with part of flour. Sift flour, baking powder, and salt three times. Add alternately with milk. Fold in fruits and nuts. Fill pan ¾ full. Pan has been previously lined with three layers of brown paper. Grease the inner lining. Bake at 300° F., for 2 hours.

On placing a shallow pan of water on the bottom shelf of the oven I have noticed that this produces moisture texture and a shiny surface as well as an increase in volume.

CLEAR GLAZE for light or dark Cakes:

1 cup sugar
½ cup light corn syrup
½ cup water
Heat sugar, water and syrup slowly until sugar is dissolved. Bring to boil and until a small amount dropped in cold water forms a slightly firm ball, (242° F., and candy thermometer). Brush immediately over cake, pressing fruit pieces into glaze if pattern desired.

To avoid repetitions of some favorite recipes from year to year anyone requesting the recipe for either the No Chop - No Bake Fruit Cake or No Chop Fruit Cake which were in last year's column can obtain a copy from our office or phone in their request.

NORTH EAST CORNER

On Wednesday, a party was held at the Lawson home when the little friends helped Debbie celebrate her 4th birthday.

Mr. and Mrs. Richard Scheide and family motored out to Nelson, B.C., to attend the wedding of Richard's brother, Stanley.

Mr. and Mrs. Frank Ford Jr. were Camrose visitors Saturday.

Born to Mr. and Mrs. Sam Eeles on Nov. 5 at Three Hills, a daughter, little sister for Daney.

Weekend visitors at the Nemo home were Mr. and Mrs. Andy Simko and son and Mrs. Mary Durbak, all of Edmonton.

Mr. and Mrs. Art Likness and Glen of Saskatoon were visitors at the Geo. Likness home at the weekend.

On Monday a Ronald party was held at the home of Mrs. Helen King. Mrs. Christie Fuskko was demonstrator. A good attendance of ladies enjoyed a pleasant afternoon.

Mr. Frank Ebyen and his brother-in-law Mr. Olan Hordnand of Grand Prairie were visitors with the George Liknesses on Tuesday.

Some of the little people have been under the weather with flu, measles and bad throats. Speaking of weather. It was rather surprising to look out Monday morning and see so much of that white stuff around. After such a lovely long spell we shouldn't complain too much, but it does feel chilly these days.

played a leading role in formulating Alberta's financial policy during the post-war years of record expansion, has retired from his post as deputy provincial treasurer.

He is only 61 years of age, but he decided to take advantage of the right to retire, and has taken up residence in the Okanagan Valley. His successor is Frederick G. Stewart, 49, who has served as assistant deputy treasurer since 1949.

Parent-School Organization Held Meeting Recently

The fourth annual meeting of the Parent-School organization for Exceptional Children of the Provincial Training School in Red Deer was held recently.

It was announced at this time that the winner of the Cabin Cruiser was Mr. Rene Thibert of Pincher Creek, Alberta. The net proceeds were approximately \$2000.00. This boat was assembled by the boys at the School under the supervision of the shop instructor. The members at the meeting were given the opportunity of inspecting the 16 ft. Cabin Cruiser now under construction. It is a beautiful boat and will be ready for the draw in May.

The prime purpose of the Organization, the only one of its kind in Canada, is to supply comforts for the Trainees of the School and the proceeds of all their projects have been used for this purpose. In the four years of organization they have placed T.V. sets in the Villa's and maintained them, assisted in the building of the Randal R. MacLean Cottages at Gull Lake which gave 340 children a week's holiday this summer, and were responsible for the electrification of the two cottages.

The most recent venture was the setting up of a Mental Health Research Council. A Board of Trustees was chosen for this worthwhile work and money allocated to start a fund for their use.

Also under consideration is a wading pool in the School's picnic grounds.

The new executive is as follows:

Hon. Pres. Dr. L. J. Le Vann, Red Deer; Pres. Mr. A. C. Chiswell, Calgary; 1st Vice Pres. Mrs. D. Amica, Calgary; 2nd Vice Pres. Mr. D. S. Edwards, Ft. Saskatchewan; Sec.-Treas. Mrs. Kidney, Edmonton; Finance, Mr. G. Ross, Edmonton; Project, Mr. M. E. Baker, Calgary; Publicity, Mrs. T. W. Campbell, Slettlerville.

New Sunday Radio Program

Radio listeners in Alberta are now able to enjoy radio's Voice of Prophecy, the religious broadcast for all faiths, over CFCW, Camrose, every Sunday at 8 p.m. Past the quarter-century mark in religious radio-broadcasting, H. M. S. Richards, Speaker and Director of the international broadcast, The Voice of Prophecy, has for his supporting cast, J. O. Iversen, associate speaker, the King's Herald, quartet, Del Dekker, contralto and Brad Barlet, organist.

A world traveler and astute student of the Middle East, H. M. S. Richards is recognized as one of America's outstanding Bible scholars and is sought as a speaker in the great metropolitan areas of America and other world centers. Having read the Bible through more than thirty times, his knowledge of the Scriptures has made the Voice of Prophecy coast-to-coast radio broadcast one of America's most listened-to religious programs. Over the past twenty-five years, his determination and faith in the leading of God have developed a world broadcast heard over 800 stations.

The program is heard every Sunday over three networks: NBC, Mutual, and ABN, and is released by more than 500 radio stations in the United States and Canada. These gospel messages are proclaimed in twenty languages throughout Latin America, Europe, the Middle East, India, Australia, the Philippines, and Japan.

Free Voice of Prophecy Bible Correspondence Courses for home study are offered in more than 60 languages and dialects around the world. These Bible Courses include lessons for boys and girls as well as for adults. The programs in 4 of the 29 languages originate in the modern studio located at the Voice of Prophecy headquarters in Glendale, near Los Angeles.

Tune into the Voice of Prophecy broadcast every Sunday afternoon at 3 o'clock over CFCW Camrose.

St. Paul United Presbyterian Fall Rally

On a bright October morning recently, an interested group of women gathered at the manse at Saddle Lake Indian Reserve for the Opening of their Fall Rally. They were members of the Women's Missionary Society of St. Paul United Presbyterian of the United Church of Canada. Some of them had been travelling since 6 o'clock. The women of the reserve welcomed them, and served coffee and cookies.

Then in the little frame church that had served the people of the reserve some fifty years, all gathered and worshipped together. The women of the church led in Bible reading and prayer, while their minister, Rev. W. Morgan of Ashmont, gave a short sermon. Then they, with Rev. Morgan and Mrs. Morgan, sang "Nearer My God To Thee" in Cree.

The next stop for members of the WMS was Vilna. Not those called Canada's oldest cities, but some of her new Canadians, make up a large part of the community of Vilna. Miss Ila Newton, a WMS worker, is in charge of church and Christian Education work there, for the United Church. Her group of CGIT girls were presented with their affiliation certificates during the afternoon by Mrs. R. Smith, Lloydminster. Two of the group, Sonia and Frances, taught the women gathered there a new hymn, An Indian Cradle Song.

Mrs. A. Knapp of Cold Lake presided at the meetings. A buzz session took place, and the three different groups discussed Community Friendship, Stewardship, and problems of the younger groups. Those leading the discussions, or reporting on them, included Mrs. Demeris, Cold Lake; Mrs. C. Alderson, Wainwright; Mrs. R. A. Sonley, Marwayne; Mrs. W. H. Dyce, Lloydminster; Mrs. R. Simmermon, Irma, and Mrs. Smith.

There was a display of literature, under the care of Mrs. J. A. Hamilton and Mrs. L. Mitchell of Wainwright.

The well prepared worship service, led by Miss M. Willows, a WMS worker at Bonnyville-Cold Lake, was an inspiration to all. Mrs. Morgan showed some slides on the building of the new WMS hospital at Cold Lake, and the formal opening of it in July. Miss K. Mettler, nurse at the Cold Lake hospital, showed pictures of India, that she had taken when nursing in the Banarswara hospital. She spoke about the terrible famines that may sweep India, leaving the people without either food or water.

Mrs. W. H. Langman, President of the Edmonton Presbyterial, and one of the Alberta delegates to Dominion Board in Toronto this year, gave an instructive account of that meeting, and spoke of her joy in meeting so many missionaries, both from home mission fields, and from overseas. This year the number of trained workers needed by the WMS for its work at home and overseas, was 91, but there were only 7 available. Many more dedicated young workers are needed.

Mrs. H. D. Burger of Vegreville, gave the treasurer's report. Mrs. Myers of Lloydminster, the courtesy report.

Then, the women of Vilna Church served their second meal of the day, as the visitors had already enjoyed a chicken dinner. So ended a very successful rally for St. Paul United Presbyterial.

Linda Eston, 17, has to stretch to add a final volume to the imposing stack of specifications and blueprints necessary to Imperial Oil's \$17 million expansion program at the Calgary refinery. Weight: about three-quarters of a ton—the paper, not Linda. This is typical of the advance work that goes into a project as complex as the expansion, largest single construction job in the history of Calgary. The new units will increase the refinery's capacity to 14,700 barrels per day.

25,000,000th ROAD MAP was recently handed out by Imperial Oil. End to end, all the maps that the company has distributed to Canadian motorists and tourists in past quarter century would go from coast to coast and back again via the Trans Canada Highway. Pam D'Oreay, left, and Sheila Billing are checking the route such a map-paved highway would follow.

Films Available for Community Use

Through arrangements with the National Film Board a supply of films will be obtainable locally by organizations wishing to use any of them for their monthly meetings. The package for this month contains: "World Without End," a film depicting the basic similarity of man's problems regardless of race, color or creed; This film is suggested for use by church groups. For Youth organizations a film entitled "Royal Tournament" shows a display of contests between the Armed Forces of the Commonwealth. "Children Learning by Experience" is the Home and School film for the month and a film on Conservation entitled "Valley of the Tennessee" is recommended for Farm Groups. Organizations interested in a general information film as part of their meeting may use the travel film entitled "Traveller's Cheques." Local organizations are invited to make all possible use of these subjects during November and should apply to Reverend Swallow, United Church, Viking, or Reverend Inglis, United Church, Irma, for booking or further information.

Thieves broke in to the Shukster Jewelry store early Wednesday morning, presumably between two and four o'clock and got away with ten Bulova wrist watches. These watches were in the show case behind a heavy plate glass window which was smashed with a big rock that left a large hole. The thieves evidently reached in and grabbed the watches and left in a hurry with the loot. No finger prints on the rock that lay outside on the walk in front of the store or on the pieces of glass were evident.

The public is warned not to purchase any Bulova watch from strangers who may offer same for sale. Bulova watches are sold only by reputable jewelers. Police are investigating.

Pembina Field Gas for N.W.U. Ltd.

Delivery of gas from the Pembina field to Edmonton started today, following testing of the 70-mile, 16-inch pipeline of Northwestern Utilities, Limited, Murray E. Stewart, general manager, reports.

Gas production from 2,000 oil wells in the field will flow through the line to Edmonton and other communities served by the gas company. This new pipeline will make it possible for gas consumers in Central Alberta to utilize this gas which was formerly flared. It is estimated that about 50 million cubic feet of gas a day will be delivered initially.

"Pembina gas is essential to enable Northwestern Utilities to conserve its own gas reserves for meeting severe winter demands," Mr. Stewart said. The pipeline to Edmonton was built this year at a cost of approximately \$3,800,000.

A year ago the Alberta Oil and Gas Conservation Board ruled that gas produced with crude oil in the Pembina field, Canada's largest, should not continue to be flared and wasted, but rather must be conserved.

The gathering facilities and processing plants required to handle the gas belonging to more than 70 producing companies have now been completed.

Mr. Stewart stated that these facilities which are owned by companies operating in the Pembina field cost approximately \$25,000,000.

The gas is purchased from the individual producers by Alberta and Southern Gas Co. Ltd. Northwestern Utilities buys the gas from Alberta and Southern, taking delivery at the eastern edge of the Pembina field, where its new pipeline commences.

Of the 18,400,000 members of the international trades unions, about 1,000,000 members are Canadians. Total income from dues of members of these unions is estimated at \$620,000,000 a year.

BE SURE OF YOUR SEED

Producers will soon be thinking about their seed requirements for 1959. Many of them will wish to have their home-grown seed checked for germination.

Those interested should apply to their nearest Searle Agent who will be glad to arrange this service.
